BIBLE- Mary and Martha and Jesus Blesses Children

Important for Mothers Day Tea- This is the google link for the Mother's Day Tea on Friday May 10 <https://forms.gle/djYu3bqPVj75hU9XA> Please fill this out by May 6. We do prepare a video of pictures of moms, special ladies, and their littles; please email Sarah.Lofsness@stjohnslib.com with 2-4 pictures of your child with their "Special Lady (ies).

THIS WEEK- This week we learned about the letter U and the number 10. We talked about the sun and how it helps us and all living things. The children learned about how a group of letters make words and these words are separated by spaces. The children were also read the book "Millions of Snowflakes" and we discussed what the word "million" means. We talked about shadows and how they change throughout the day. We also talked about different types of clouds.

NEXT WEEK- The children will learn the letter G. In math we will practice combining, separating, and naming objects and identifying "how many". We will also practice finding out "what happens next" with sequence cards. In this section we will talk about wind and what different weather types can happen with wind such as thunderstorms, hurricanes, and tornados. I will also make a "tornado" in a jar so they can see what a tornado looks like and what a tornado can do.

REMINDERS-
