## October 9-16

Hello and Happy Friday! If you did not yet bring in 20 single servings of snack for October, please do so this coming week.

I would like to make an open ended invitation for parents to come and meet with me regarding your child's progress at school, rather than having a few scheduled days. Please let me know if and when you would like to meet. I am available most mornings before 7:30 and after school from 3:30 to 4:15 (depending on the day, sometimes earlier sometimes later). I can be flexible!

If you would like to help with our Parent-Teacher-Partnership group and attend the Zoom meeting on 10.13, please let me know so I can help get you connected!

### Christ Light

This week we will continue to learn about the life of Moses and the plans God has for him to help set the Israelites free!

We will begin with learning that God called Moses using a burning bush that never actually burned!

Memory Treasure (MT) - Go into all the world and preach the gospel to all creation.

### Superkids

This week we met our newest Superkid, Doc! Doc loves to fix things that are broken and use unfixable items to make something new!

Now that we are learning new letters and sounds, we will focus on sounding out words and spelling. Please practice the word lists that will come home with your child to know the main words that we are working on! Please also continue practicing penmanship at home!

### Social Studies

Your child will have your continent book in their folder today. Please review the book with your child at home! We will be reviewing it throughout the year. This week we will begin learning about how our wonderful country began. This will lead into learning about our fifty nifty state work!
