Talent Night Tuesday, October 25, 2022

Information about Talent Night is being distributed today. All students will perform as a soloist or part of a small group. Look at the list on the info sheet and discuss with your child what performance they would enjoy.

Memory Work Challenges

Fifth and sixth graders are expected to recite memory work before the school day begins. It is apparent that some children have not opened their books to study this important aspect of God's Word until they are in the classroom. Help your student see the value of our Lord's inspired Word by encouraging time set aside for memorizing, and by listening to their recitations.

Memory Work

Romans 10:17 - So then, faith comes from hearing the message, and the message comes through the word of Christ.

Hymn 405, v 1

On my heart imprint your image, blessed Jesus, King of grace,
that life's riches, cares, and pleasures have no pow'r
to hide your face.

Let the clear inscription be: Jesus, crucified for me,
is my life, my hope's foundation, and my glory and salvation.

The Second Commandment

You shall not misuse the name of the Lord your God.
What does this mean?

We should fear and love God that we do not use his name to curse, swear, lie, or deceive, or use witchcraft, but call upon God's name in every trouble, pray, praise, and give thanks.

Interesting Awards and Rewards

For showing depth of thought or comment, three rotating student judges will choose classmates to win a surprise gift bag of awards. The first award went to **Gerwyn** this week! There is no scheduled day to present the awards; the awards are given as the judges find a fellow classmate to have shown great insights.

The unusual gifts are from the archives of Mr. Kopczynski's years of classroom teaching and are meant to bring smiles to the recipients. Each bag will be unique. Ask your children more about this student-run program.

Our Studies this Week

Word of God — Parable of Soils and Weeds

Catechism — First Commandment

Math 5 — Division, practicing multiplication facts

Math 6 — GCF and fractions
